

# Villa Cala Moraig A Luxury Home at Cumbre del Sol

WWW.VAPF.COM

This luxury villa stands atop one of the cliffs that forms the coastline of the Costa Blanca, within the Sol Luxury Reserve, on the outskirts of the Spanish village of Benitachell in the Alicante province; a privileged enclave where the sea is so close that its aroma and intense blue colour invade all corners within the home. **A very personal house which perfectly combines modernity with the details of traditional Mediterranean architecture.** A sea-facing property which consists of two interconnected levels.

The upper floor houses the actual living area; on entering we find a spacious foyer opening onto the terrace with a stunning glass wall, **creating a magnificent panorama across the Mediterranean Sea** from the minute you walk through the door.

The main terrace is designed to achieve a sequence of spaces from which you can admire the sea views, dine outdoors, privately sunbathe or enjoy a refreshing dip in the pool.

The lower level of this well thought out luxury villa houses a spacious multipurpose room or games room which leads on to a private terrace, and a fourth bedroom with adjacent bathroom for guest accommodation or domestic staff. In addition, on this floor there is a fabulous home spa with a sauna, a rain water shower and a 3 seater jacuzzi alongside a large picture window, for those special relaxing moments watching the world go by.
