A gated community with private access consisting of 5 modern design houses built over two levels and with different layouts, on a gross floor area of 400sqm, all with their own private pool, parking for several vehicles and great sea views in lovely surroundings.

Independent houses of modern architecture built with quality materials and exquisite finishes, located in one of the best locations in the northern Costa Blanca: Altea. Protected by the shield of solid rock of the Bernia mountain range, which prevents the cold winds and external influences from entering the bay, creating a magical microclimate.

Located next to the Don Cayo Golf Club, near the La Olla beach and the Campomanes Marina, only 8km from Altea town centre and next to Altea la Vella, villages traditionally known for their quality of life, services and cultural and artistic activities, where you can practice a variety of sports and attend cultural events which bring to life the rich heritage of the areas, also offering a variety of restaurants with excellent cuisine. They also have direct access from the Mediterranean motorway AP7-64.
